

Little Dogs CO, Bedford, Virginia
Breeders of Mini American Eskimo Dogs
Miniature American Shepards (Mini Aussies)

Welcome to Little Dogs CO! This is your puppy questionnaire. Please print out or download this PDF form. Please answer all the questions and be honest with yourself. A dog is a long-term commitment for you and your family. Dogs can live 11-15 years or longer. Be certain that you are prepared to make this commitment before proceeding. When you have completed your form, please email it to: rackel@littledogsco.com. Keep in mind, we only breed a few litters each year. Temperament and health are most important in our breeding program. Our puppies are well socialized, home raised, used to being groomed, handled, mostly crate trained and many come already responding to some commands. These dogs make wonderful family pets. They are loyal, intelligent, athletic, and very willing to please. They are happy just being with the ones they love and trust. If you are looking for a performance dog, or a couch potato companion, you've come to the right place. We do our best to teach them basic manners before they go to their new forever homes. We also offer a special puppy school training program personalized for your family and lifestyle. Puppies participating in our puppy school program stay with us until they are about 11-12 weeks old. Ask about rates.

Which breed are you applying for: Please circle your choice.

Mini American Eskimo

Please list any questions you have for us here:

Please choose your breed wisely. Make sure you are ready to make that kind of commitment before adopting a dog. The purchase price is just the beginning! Picture your life 2-5-10 years from now and consider how you will be able to care for your needs as they age. If you are ready for a dog we are happy that you are considering one of ours as your next family member. As a wise person once said, a dog is a family member you choose for yourself!
